GOLD – You can do more than You think

Dear participants of the 5. World Conference of Sport Ministers,

We were very honored to be able to present our movie “**GOLD - You can do more than You think**” on that first evening of the conference to you.

Together with the German Minister of the Interior Dr. Hans-Peter Friedrich and Willi Lemke - United Nations Secretary-General's Special Advisor on Sport for Development and Peace - the adjacent lively discussions proved us right that the 4 years that we had invested into the movie production were worth every second.

Unfortunately we were not able to talk to each and every one of you about the distribution of the movie in your country and how you can use the release and the message of GOLD in your sports related political activities.

We are currently working on a way with Willi Lemke and UN on how to distribute the movie worldwide so that as many people as possible will get a chance to watch it. If you are interested in supporting “**GOLD – “You can do more than You think**” kindly get in touch with us at your convenience.

We will be glad to discuss and assist in your personal and your countries requirements individually at any time.
